

Hi

My name is Ken Fisher, I am a Photographer and Adobe Certified Instructor in Photoshop and Lightroom.

I would be pleased if you could consider me for inclusion on your speaker list. I have been guest speaker at many camera clubs speaking mainly on the topics of Photoshop and Lightroom. For example, Wakefield Camera Club have asked me for the last four years to do four sessions for them in August as part of their new members initiative, three on the Basics of Photography and the camera and one on Advanced level Photoshop. In September I was asked to speak on Lightroom at Leeds Photographic Society to open up their program.

Here are some of my talks to date

Four Skills of Photoshop- Layers, Selections, Masking and Blending  
Understanding Camera RAW  
Introduction to Photoshop Elements

The Lightroom – Photoshop Workflow Nirvana

Lightroom 3 Core Skills, Gerrit In, Fettle it and Gerrit Aht

Getting To Know your Camera
